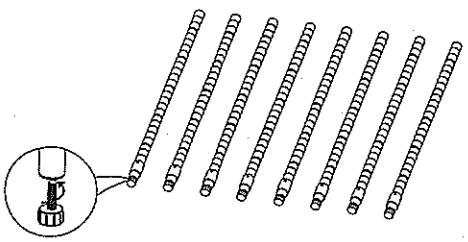
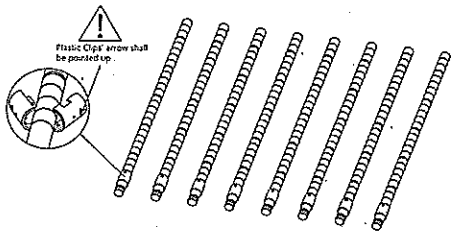
Name	Square Wire Shelf	Top Wire Shelf.	Lower-Pole	Middle-Pole	Upper-Pole	Support Rail With Hooks	Support Rail	Expandable Hanger Rods	Screw &Bracket	PP Mat	Plastic Clips	Anti-Tip Kits	Leveling Feet
Parts													

Screw &Bracket

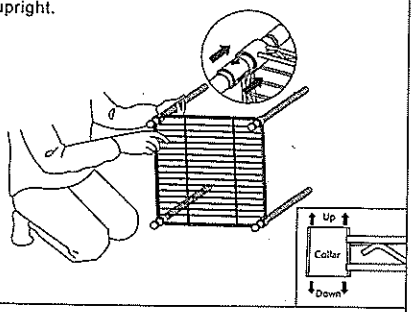
① Screw the Leveling Feet(M) into the bottom of 8 pieces Lower-Pole(C).



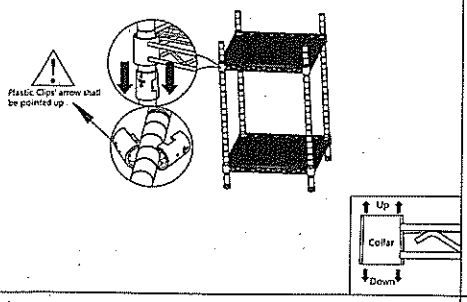
② Snap the Plastic Clips(K) into the pole grooves of 8 pieces Lower-Pole at the same position and make sure that the arrow of plastic clips are pointed up.



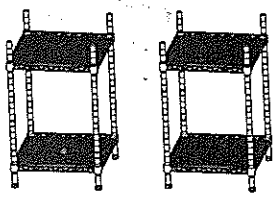
③ Please make sure Square Wire Shelf (A) the correct way up.Hold the wire shelf on its side and slide the top of 4 pieces lower poles through the bottom of each wire shelf at its corners until there is snug fit.After 4 pieces poles have been slided through the shelf collar holes,set the shelf upright.



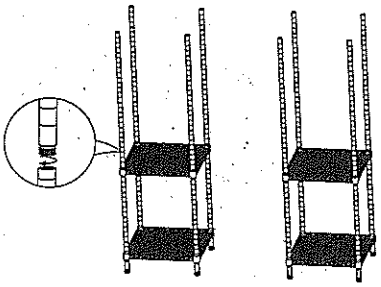
④ Snap 8 pieces Plastic Clips onto the pole grooves and slide down square wire shelf onto the plastic clips.



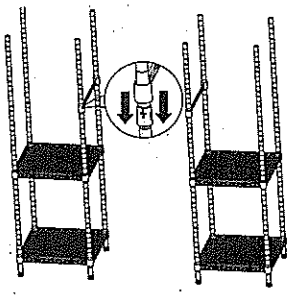
⑤ We suggest to assemble another side of square shelving by references to the first ready one ,please make sure each layer of shelves are at the same height.



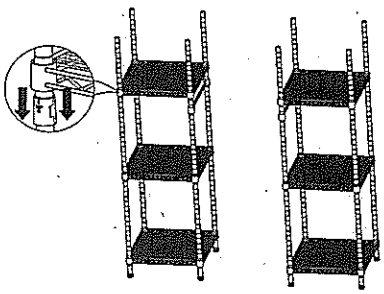
⑥ Screw the 8 pieces Middle-Poles(D) into the 8 pieces lower-poles by screw connectors which is already on the middle-poles as following photo.



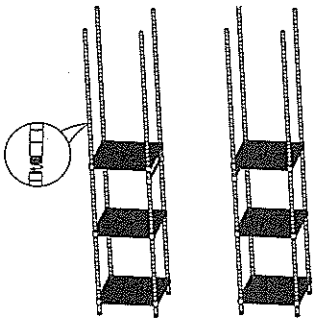
⑦ Snap the plastic clips at the same height of 4 pieces poles as following photo,then slide down the Support Rails (G) from the pole top onto the plastic clips.



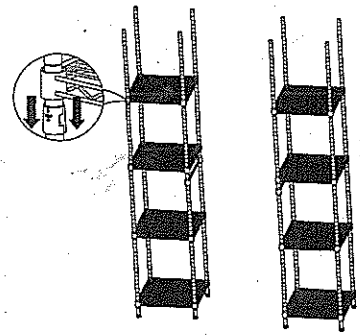
⑧ Snap the plastic clips as the step④ to assemble the 3rd layer of square wire shelf.



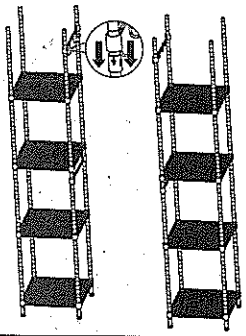
⑨ Screw the 8 pieces Upper-Pole(E) into the 8 pieces Middle-Poles by screw connectors which is already on the upper-poles as following photo.



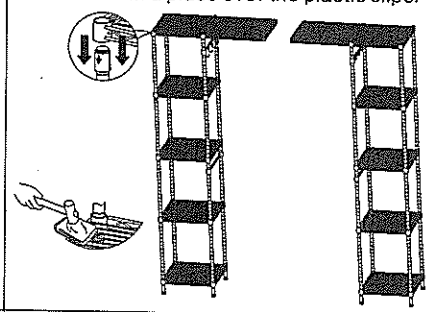
⑩ Assemble the 4th layer of square wire shelf as the step④.



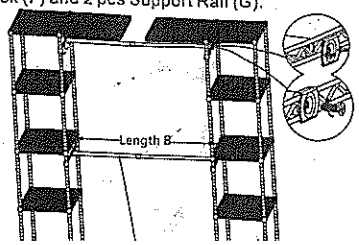
⑪ Snap plastic clips as the step④ at the same height of 4 pieces poles as following photo,then slide down the Support Rails With Hooks (F) from the pole top onto the plastic clips.



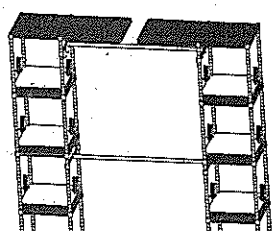
⑫ Snap 16 pcs plastic clips on the 8 pieces up per-poles and then put the Top Wire Shelf (B) on the plastic clips.Then pushing firmly down on every shlf at corners by rubber mallet to ensure the shelf in a place over the plastic clips.



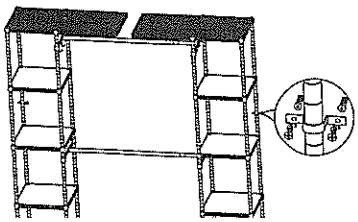
⑬ Adjusting a proper length of 2 pieces Expandable Hanger Rods(H) as you like and make sure the length A is equal to the length B .Then screw 2 pcs expandable hanger rods by Screw&Brackets(I) onto the 2 pcs Support Rail With Hook (F) and 2 pcs Support Rail (G).



⑭ Put PP Mat (J) onto all square wire shelf.



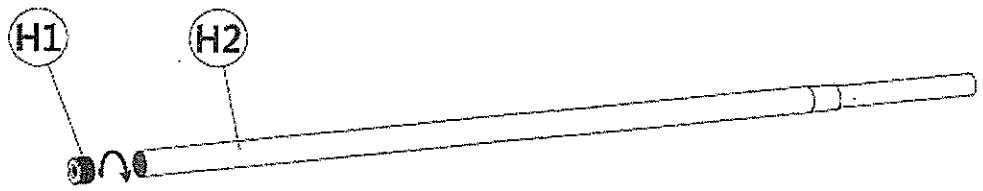
⑮ At last,attach two back poles as following photo to the wall by Anti-Tip Kits (L) to prevent rack unit from tipping over. Then a Expandable Garment Rack is well assembled.



Notice For Expandable Hanger Rods

Before assembly of garment rack,please screw the nut into expandable hanger rods.

The part (H) is Expandable Hanger Rods,it is consist of H1 and H2.H1 is screw nut and H2 is expandable hanger rods.Please screw the H1 into the H2 as following photo ;



After assembly, the Expandable Hanger Rods (H) as following photo;
