For customer service support and the fastest response, please email us at [dorothyewcc@hotmail.com](mailto:dorothyewcc@hotmail.com).

**PACKAGE CONTENTS**

## ▲ SAFETY INFORMATION

Please read and understand this entire manual before attempting to assemble, operate or install the product.

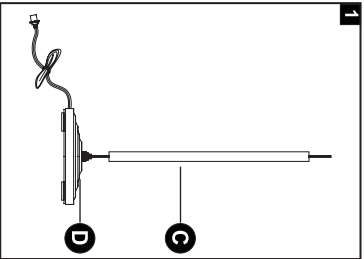

- This product has been manufactured with the highest standards of safety and quality.
- For energy savings, this portable luminaire has been engineered to safely use a self-ballasted LED bulb in place of an incandescent bulb.
- Before assembling your portable luminaire, spread all parts out on a clean surface. Inspect each part for defects that may have occurred during shipping.
- This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

**IMPORTANT:** Inspect the wire insulation for any cuts, abrasions, or exposed copper that may have occurred during shipping. If there is a defect in the wire, do not continue the assembly process.

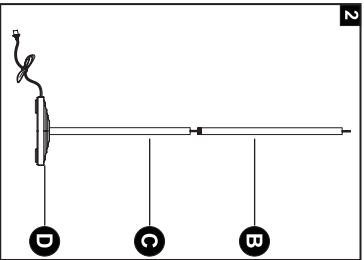

## PREPARATION

Before beginning assembly, installation or operation of product, make sure all parts are present. Compare parts with package contents list and diagram on previous page. If any part is missing or damaged, do not attempt to assemble, install or operate the product. Contact customer service for replacement parts.

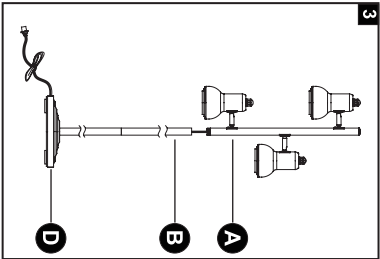

## ASSEMBLY INSTRUCTIONS

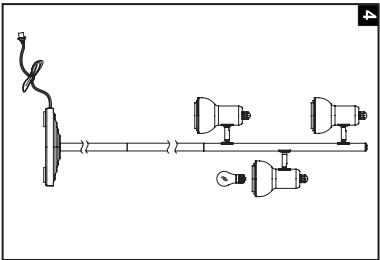

1. Pull the excess power cord through the base (D). Screw in the lower tube (C) onto the base (D).  
**NOTE:** Do not twist the power cord.

2. Pull the excess power cord through the base (D). Screw in the middle tube (B) into the lower tube (C).  
**NOTE:** Do not twist the power cord.

3. Pull the excess power cord through the base (D). Screw in the top tube (A) into the middle tube (B).  
**NOTE:** Do not twist the power cord.

4. Install the light bulbs to each socket (bulbs are not included). This lamp uses three **Max 60W medium base (E26) type "A" bulbs** or LED equivalent. Adjust the shades to the desired position. Plug into the wall outlet, turn on the switch for each shade and enjoy.

## CARE AND MAINTENANCE

- Do not use any cleaners with chemicals, solvents, or harsh abrasives. Use only a dry, soft cloth to dust or wipe carefully.
- To clean the fixture, disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box, and use a dry or slightly dampened, clean cloth to wipe the exterior surface of the fixture.

## TROUBLESHOOTING

- 1) **The light does not come on at all:**
    - a. Make sure the wall switch and circuit breaker are on.
    - b. Make sure the wiring is correct.
  - 2) **Fuse blows or circuit trips when light is turned on.**
    - a. Check for crossed wires, ensure wiring is correct.
- If unable to fix any of the above issues, please consult a certified electrician.**

**FIVE-YEAR LIMITED WARRANTY:** If, during normal use, this PATRIOT LIGHTING® lighting fixture breaks or fails due to a defect in material and workmanship within five (5) years from the date of original purchase, simply bring this lighting fixture with the original sales receipt back to your nearest MENARDS® retail store. At its discretion, PATRIOT LIGHTING® agrees to have the product or any defective part(s) repaired or replaced with the same or similar PATRIOT LIGHTING® product or part free of charge, within the stated warranty period, when returned by the original purchaser with original sales receipt. This warranty: (1) excludes expendable parts including but not limited to light bulbs; (2) does not cover damage that has resulted from abuse or misuse; and (3) does not cover any losses, labor, injuries to persons/property or costs. This warranty does give you specific legal rights and you may have other rights, which vary from state to state.
